Dear Athletic Trainer,

We would like to take this opportunity to welcome you and your team to Guilford College in Greensboro, NC for your upcoming athletic season. Our athletic training room, located in the basement of Alumni Gym, will be open for you 1.5 hours prior to competition. We have hydrocollator packs, whirlpools, ice, electrotherapy, and ultrasound available. There will be a certified athletic trainer on duty to assist you in any way; we just ask that you call us in advance so that we can fully accommodate you.

If your team is traveling with a certified athletic trainer, our facilities and modalities will be available for your use. However, if you are not sending a certified athletic trainer modalities will not be available. We will also perform any taping that is required, however we ask that you provide all needed supplies.

During the match/game we will provide ice, water, cups, any emergency equipment and ice bags. Water and ice will also be available in your locker room.

The following are the phone numbers for team physicians and emergency rooms. Directions are available in the training room if needed.
