

*Guilford College Magazine* is published by the Office of College Relations three times each academic year, in October, February and June, to inform alumni and friends of college news and activities. Approximately 22,000 copies of each issue are printed and distributed.

In addition to Office of College Relations staff, planning for each issue of the magazine involves Office of Advancement staff, faculty and other staff of the college, students, alumni and friends. The Outreach and Communications Committee of the Alumni Association Board of Directors participates in planning and critique sessions.

Guilford College was chartered by the Religious Society of Friends in 1834 and opened as New Garden Boarding School in 1837. It became a college in 1888 and today is a four-year liberal arts institution accredited by the Commission on Colleges of the Southern Association of Colleges and Schools.

In an active commitment to building a diverse community, Guilford College rejects discrimination on the basis of race, creed, color, religion, national or ethnic origin, gender, sexual orientation, age or disability in admission, employment or access to programs and activities. The college also seeks to avoid discrimination in the administration of programs, admission policies, financial aid or any other program or activity.
