Now upon our spirits shine.	Strengthen us, dispel our fears.	Hallow'd be fair Guilford's name.

## FEATURED SPEAKER AND HONORARY DEGREE RECIPIENT

**Dr. Johnnetta Betsch Cole H '19**, is a globally recognized anthropologist, educator, author, and humanitarian. She is President Emerita of Spelman College and Bennett College for Women in Greensboro. Cole gained national prominence in 1987 as the first African-American woman to serve as president of Spelman, a historically black women's college. Under her leadership, Spelman was named the top liberal arts college in the South. At Bennett, from 2002-07, she helped catalyze an intellectual renaissance while leading a \$50 million development campaign. Cole's numerous contributions beyond higher education include serving as director of the Smithsonian Institution's National Museum of African Art from 2009 to 2017.

## STUDENT SPEAKER

Born in Ramallah, Palestine, **Kristy Mirabo Shammas '19** has committed her studies to community and social justice. A pre-law student with a double major in Criminal Justice and Forensic Accounting and a minor in Accounting, Kristy will pursue a career in law after graduation. She has served as the President of International Club, a Multicultural Leadership Scholar, a Student Program Coordinator at the Office of Study Abroad and a Resident Adviser. Kristy has a strong belief that Guilford is where she was destined to complete her undergraduate education and ultimately where she discovered her true passion for marginalized community advocacy.

## ACADEMIC REGALIA

The custom of wearing caps, gowns and hoods at college functions dates to the Middle Ages. In 1895, a commission of American educational institutions met to craft a uniform code of academic regalia that is still in use today. As a Quaker-founded institution, Guilford recognizes that some individuals may choose not to wear regalia as a matter of personal conscience.

The style and color of cap, gown and hood indicate both the level of the wearer's education and his or her field of study. The bachelor's degree recipient wears an unadorned, straight gown with long, pointed sleeves. The master's degree recipient wears a similar robe with shorter, less full sleeves. The doctorate-level robe is most elaborate, with velvet panels adorning the gown's front and sleeves.

The hood's design is highly symbolic: The colors of its silk lining typically denote the institution granting the degree, its velvet border signifies the degree's field and the overall size indicates the level of degree (bachelor, master or doctor). The field of learning, rather than the department that governed the major work, determines the color of the velvet trim color on the hood. For instance, a master of arts wears a hood trimmed with a white border, irrespective of their major field.

If more than one degree is held, the gown and hood reflect the highest degree attained. The colors indicative of the various fields of learning are as follows:

Anthropology - Dark Blue	Engineering - Orange	Music - Pink
Arts - White	English - White	Philosophy - Dark Blue
Business Administration - Light Brown	Fine Arts - Brown	Physical Education - Sage Green
Communication - Crimson	Government - Peacock Blue	Political Science - Dark Blue
Counseling & Guidance - Light Blue	History - White	Psychology - Gold
Dramatic Arts - Brown	Humanities - White	Science - Gold
Economics - Copper	Literature - White	Sociology - White
Education - Light Blue	Library Science - Lemon	Theology - Scarlet
	Mathematics - Gold
