MESSAGE FROM THE DIRECTOR OF PUBLIC SAFETY

Thank you for taking the time to read this year's publication of the Guilford College 2023 Annual Security and Fire Safety Report. You will find it packed with helpful information about safety and security on our campus. This report is part of our ongoing effort to inform you of the safety programs and services available to our campus community. It includes incidents reported, and the steps you can take to maintain a safe and secure campus. It also serves as our compliance document under the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act as well as the Annual Fire Safety Report as required by the Higher Education Opportunity Act.

The Guilford College Department of Public Safety operates 24 hours a day, 365 days per year to ensure your safety. Our officers provide a full range of services including routine patrols of the campus, unlocks, parking enforcement, safety inspections, and after-hour escort services. We encourage all students, faculty, staff, and visitors to contact our office if you ever have any questions or need assistance from our Public Safety Department.

I would like to thank all members of the Guilford College Public Safety Department for their dedication and hard work in keeping our campus safe.

In keeping with our Quaker heritage, we believe that collectively we can make stronger and better-informed decisions than we can apart. That's why employees take an active role in governing the College and shaping its future through service on College committees and faculty and staff organizations. Guilford is an equal opportunity employer.

TITLE IX PROGRAM

It is the policy of Guilford College to prohibit discrimination on the basis of age, color, creed, disability, gender, national origin, race, religion, genetic information, sex or veteran's status in regard to the administration of all campus programs, services and activities including intercollegiate athletics, and the admission of students, employment actions, or other sponsored activities.

Title IX of the Education Amendments of 1972 ("Title IX") prohibits discrimination on the basis of sex in any educational programs or activities that receive federal funding, whether they take place in the facilities of a school or at an event sponsored by the school at another location. While perhaps best known for its application to program equity, such as in athletics, Title IX also applies to sexual harassment (including sexual assault), as it has been determined in subsequent legal cases and regulatory interpretations that sexual harassment can prevent students from participating fully and equitably in educational opportunities. Sexual harassment was in fact explicitly recognized as a form of discrimination for purposes of Title IX compliance in 1992.

The Office of Civil Rights of the US Department of Education is responsible for overseeing compliance with Title IX, and has issued guidelines for institutions to help them comply with its principles. In the case of sexual harassment, the OCR guidelines require that once an institution has received notice of the possible sexual harassment of a student, it should take immediate and appropriate steps to investigate what occurred, take prompt and effective action to end the harassment if such is found to be the case, take steps to remedy the effects and to prevent it from occurring again. These steps are the school's responsibility whether or not the student who was harassed makes a complaint or otherwise asks the school to take action; all reasonable steps to investigate and respond are still required. The OCR standard for "notice" is that a school may be held accountable for the failure to take appropriate steps if any person perceived to be a responsible school employee was put on notice and took no corrective action.

One important compliance requirement established by the OCR is that each school receiving federal funding should appoint at least one Title IX Coordinator; these individuals are responsible for promoting an institutional environment that is free of gender bias and sexual harassment. To that end, they must be familiar with the school's grievance procedures and be a resource for student enquiries on those procedures, monitor and evaluate compliance with Title IX reporting requirements, and oversee training to the community on the issue of sexual harassment.

TITLE IX COORDINATOR:

The Guilford College Title IX Coordinator is Erickia Elbert, Director of Human Resources. Bauman Hall, 105B, Phone: 336.316.2134 Email: eelbert@guilford.edu.

Responsibilities include:

- Works with the individuals listed below, and others, to ensure that the College complies with Title IX. Regardless of which College employee or administrator investigates or adjudicates any particular complaint, the Title IX Coordinator maintains oversight of the process. The Title IX Coordinator receives written notice of the complaint, the investigative report and any determination. When an incident is found to have occurred, the Title IX Coordinator oversees the College's response.
- Coordinating training, education and prevention efforts; overseeing a centralized reporting process for all sexual harassment and misconduct allegations on campus; tracking and monitoring these allegations; and ensuring prompt and equitable resolution of complaints.
- Oversight of the investigation and resolution of sexual harassment, sexual assault, sexual exploitation, stalking and relationship violence involving students, staff and faculty;
- Knowledgeable and trained in College policies and procedures and relevant state and federal laws;
- Available to assist any individual, including a complainant, a respondent, or a third party, about the courses of action available at the College, both formally and informally, and in the community;
- Provides assistance to any College employee regarding how to respond appropriately to a report of sexual harassment, sexual assault, sexual exploitation, stalking, or relationship violence;
- Monitoring compliance with all procedural requirements, record keeping, and timeframes;

JEANNE CLERY DISCLOSURE OF CAMPUS SECURITY POLICY AND CRIME STATISTICS ACT (CLERY ACT)

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, named in memory of Jeanne Clery, who was slain in her dorm room in 1986, is an amendment to the Higher Education Opportunity Act (Public law 110- 315). Commonly referred to as the Clery Act, this amendment requires colleges and universities that participate in Title IV student financial assistance programs do the following:

1. Collect, classify and count crime reports and crime statistics. This includes statistics for certain categories of crimes (referred to as “Clery Act crimes”) which occur on campus, at off campus facilities controlled by the college or university, and public property contiguous to campus. The Clery Act crime categories include Murder/Non-Negligent Manslaughter, Manslaughter by negligence, Sex Offenses (Rape, Fondling, Incest and Statutory Rape), Robbery, Aggravated Assault, Burglary, Motor Vehicle Theft, Arson, Domestic and Dating Violence, Hate Crimes, Stalking, and arrests or disciplinary referrals for Weapons, Alcohol, and Drug Law Violations. Institutions that maintain a campus police or security department must also record all alleged criminal incidents and keep a daily crime log of these incidents that is open for public inspection.
2. Issue campus alerts. To provide the campus community with information necessary to make informed decisions about their health and safety, colleges and universities must:
 - issue a timely warning for any Clery Act crime that represents an ongoing threat to the safety of students or employees.
 - issue an emergency notification upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students, faculty, and staff occurring on the campus.
3. Publish an annual security report. The report must contain safety and security related policy statements including crime statistics to distribute to all current students, faculty, and staff.
4. Submit crime statistics to the Department of Education. Each year Clery Act crimes must be submitted to a web-based data collection survey maintained by the Department of Education to disclose crime statistics by type, location, and year. The comprehensive user’s guide for the survey is located online at: <https://ope.ed.gov/campussafety/#/>.
5. Additional information. In addition to the requirements listed above, institutions with any on-campus student housing facilities must disclose:
 - Missing student notification procedures that pertain to students residing in those facilities.
 - Fire safety information related to those facilities. This includes keeping a fire log that is open to public inspection, publishing an annual fire safety report containing policy statements as well as fire statistics associated with each on campus student housing facility and submitting fire statistics to the Department of Education each fall in the Web-based data collection.

For more information about the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, visit www2.ed.gov/admins/lead/safety/handbook.

ANNUAL CRIME AND FIRE SAFETY INFORMATION

Guilford College is pleased to comply with The Jeanne Clery Act, which mandates that colleges and universities publish statistics for certain categories of crimes, to help ensure that both prospective and current students, faculty and staff at those institutions are aware of the facts about crime and safety on their campuses.

This Annual Security Report (ASR) is intended to provide those statistics, along with certain policies, procedures, and resources to the Guilford College community. The Department of Public Safety and the Office of Student Affairs have worked together to present a document that will be useful to students, faculty and staff, as well as visitors to the Guilford College community. It is intended as a resource for information about the College's offices and services as they relate to the safety of our campus community, as well as to address concerns about crime issues.

Keeping the Guilford College community safe is the responsibility of every community member. We encourage the involvement of everyone in making Guilford College a safe and secure environment for education. To that end, it is the responsibility of each member of the Guilford College community to report the occurrence of a known crime to the Department of Public Safety. Certain members of the community have been identified as Campus Security Authorities (CSA), as prescribed in the Clery Act, which makes it mandatory that they report crimes coming to their attention.

REPORTING A CRIME

GENERAL PROCEDURES

Guilford College's Public Safety staff is composed of non-sworn officers, with no arrest authority outside the guidelines provided for private citizens. Campus crimes in progress should be reported immediately to the Greensboro Police Department by dialing 911. While victims of crimes have the option to report crimes to law enforcement (Greensboro PD), the Guilford Community is encouraged to report all crimes and public safety related incidents to the Department of Public Safety in a timely manner.

In response to a call, Public Safety officers take any needed action, including but not limited to, responding to the site of the complaint, contacting or coordinating any additional off-campus emergency assistance, and/or asking the victim to file an incident report with Public Safety. All incident reports are forwarded to the appropriate dean and/or administrators for any necessary follow-up.

If assistance is required from local law enforcement, and the agency has not already been contacted, Public Safety will contact the appropriate agency. Crimes should be reported to the Public Safety Department even if the individual does not wish to involve law enforcement to aid in providing Security Alerts to the community, when appropriate and to ensure inclusion in the annual crime statistics.

WAYS TO REPORT A CRIME

Regardless of whether or not incidents are reported to Greensboro Police Department, it is also recommended that crimes occurring on campus be reported to the Public Safety Department. Information regarding incidents reported to campus authorities will be documented and forwarded to the Office of Student Affairs, investigated as appropriate based on their authority and training, and resolved according to campus policies.

- For emergencies Dial 911.
- For non-emergency calls or reports to Greensboro Police Department, dial 336.373.2222.
- To report crimes or other incidents to Public Safety, dial 336.316.2909; or by using the emergency call boxes located in various parking lots on campus.

Any suspicious activity or person(s) seen in the parking lots or loitering around vehicles, inside buildings or around the residential halls should be reported to Public Safety immediately.

CAMPUS SECURITY AUTHORITIES (CSA)/RESPONSIBLE EMPLOYEES (RE)

Under the Clery Act, Guilford College is required to disclose “statistics concerning the occurrence of certain criminal offenses reported to local law enforcement agencies or any official of the institution who is defined as a ‘Campus Security Authority/ Responsible Employee.’” Guilford community members should report all incidents of sexual misconduct or retaliation directly to the Title IX Coordinator or to any Deputy Title IX Coordinator.

The College recognizes that a complainant has multiple avenues available to report a concern. For example, a student may choose to confide in an associate dean, a resident adviser, a faculty member, a director, or a coach. Similarly, an employee may choose to confide in a supervisor or a colleague. Unless designated as a confidential resource, no Guilford employee may promise confidentiality, and all Guilford employees have a duty to report such information immediately to the Title IX Coordinator or a Deputy Title IX Coordinator.

Guilford has identified certain groups of employees as “Responsible Employees” for purposes of complaints of sexual misconduct. A Responsible Employee is required to report to a Title IX Coordinator all relevant details (obtained directly or indirectly) about an incident of sexual misconduct, including dates, times, locations, and names of parties and witnesses. Information brought to the attention of a Responsible Employee is not confidential. All Responsible Employees are trained on how to identify sexual misconduct and on their duties.

Under the Clery Act, Guilford College is required to disclose “statistics concerning the occurrence of certain criminal offenses reported to local law enforcement agencies or any official of the institution who is defined as a ‘Campus Security Authority/Reporting Resources.’” If a member of the Guilford community reports a crime to anyone who is deemed a Campus Security Authority (CSA), or if a CSA is otherwise made aware of any crime that occurred on campus that may not have been reported to the Department of Public Safety, the CSA should notify Public Safety immediately by calling 336-316-2909. The Department of Public Safety has a responsibility to notify the Guilford community about any crimes that may pose an ongoing threat.

WHO ARE CAMPUS SECURITY AUTHORITIES/RESPONSIBLE EMPLOYEES

A Campus Security Authority/Responsible Employee is an individual who is an official of the institution that has significant responsibility for student and campus activities. Only the Title IX Coordinator and those designated to act on their behalf have the authority to address complaints of sexual violence or sexual misconduct. All other Responsible Employees, including but not limited to those listed below, must report complaints of sexual misconduct to the Title IX Coordinator or a Deputy Title IX Coordinator:

- Athletic Director, Associate and Assistant Athletic Directors
- Athletic Team Coaches, Assistant Coaches, and Athletic Trainers
- Sustainability Director and College Farmer
- Faculty and staff accompanying students on off-campus programs or other College-related trips, within and outside the United States
- Undergraduate Faculty Department Chairs, Program Directors, faculty advisers
- Residential Education & Housing staff members to include Resident Advisors, Assistant Community Directors, and Community Directors
- Experiential learning program directors and staff (e.g., Bonner, Multicultural Education, Quaker Leadership Scholars, Principled Problem-Solving Scholars, etc.)
- Student Affairs senior staff
- Academic Affairs senior staff

There are two classifications of individuals who, although they have significant responsibilities for student and campus activities, are not considered CSAs under Clery:

- Pastoral counselor: An individual who is associated with a religious order or denomination, is recognized by that religious order or denomination as someone who provides confidential counseling and is functioning within the scope of that recognition as a pastoral counselor.
- Professional counselor: An individual whose official responsibilities include providing mental

health counseling to members of the institution's community and who is functioning within the scope of his or her license or certification. This definition also applies to professional counselors who are not employees of the institution but are under contract to provide counseling at the institution.

Pastoral counselors and professional counselors are encouraged to inform their client/s of the procedures to report crimes on a voluntary, confidential basis for inclusion in the annual disclosure of crime statistics.

CAMPUS SECURITY AUTHORITY (CSA)/RESPONSIBLE EMPLOYEE (RE) RESPONSIBILITIES

Under the Clery Act, a crime is reported when a victim, witness, other third party or even the offender brings it to the attention of a CSA or local law enforcement personnel. It does not matter whether the individual/s involved in the crime or reporting the crime are associated with the institution. If a CSA receives the crime information and believes it was provided in good faith, he or she should document it as a crime report and provide this report to the Guilford College Department of Public Safety. "In good faith" means there is a reasonable basis for believing that the information is not simply rumor or hearsay.

CSAs are not responsible for investigating crimes. Their role is to report all incidents immediately, no matter how minor an incident may seem. All investigations and crime classifications are the responsibility of sworn law enforcement personnel.

LIMITED CONFIDENTIAL REPORTING

Anyone who is the victim of, or witness to, any crime is encouraged to promptly report the incident to the Public Safety Department. If you are the victim of a crime and do not want to pursue an action with the College under our internal procedures or through the criminal justice system, you may still wish to consider filing a report. The purpose of a report is to allow the College to take appropriate steps to enhance the safety of the reporting person and others. With such information, the College can keep accurate records of the number of incidents involving students, determine whether there is a pattern of crime with respect to a particular location, method, or assailant, and alert the campus to any potential danger. Reports filed in this manner are counted and disclosed in the Annual Security Report (ASR). They are also maintained in a confidential fashion with disclosure internally or externally only when deemed reasonably necessary for the safety of student or others, when disclosure is required by law, or when disclosure and follow-up on information contained in a report is warranted under our policies. This can be as a part of our ethical obligations in certifying student character, or as deemed appropriate in the form of referral to the appropriate Student Affairs division so that support and assistance efforts can be coordinated appropriately.

Guilford College will, upon written request, disclose to the alleged victim of a crime of violence, or a non-forcible sex offense, the results of any disciplinary hearing conducted by the college against the student who is the alleged perpetrator of the crime or offense. If the alleged victim is deceased as a result of the crime or offense, Guilford College will provide the results of the disciplinary hearing to the victim's next of kin, if so requested.

GUILFORD COLLEGE COUNSELING CENTER

Guilford College Milner Student Health & Counseling Center staff members encourage students to report the crime to campus authorities on a voluntary basis by providing appropriate contact information and/or accompanying the student when making the report. In the case of a sexual assault, if the client is unwilling to report the crime, Counseling Center staff members are instructed to make such a report themselves by filling out the anonymous online sexual assault reporting form located at this link: https://guilford.guardianconduct.com/incident-reporting?incident_type=Title%20IX%20%2F%20Sexual%20Misconduct. The Counseling Center contact number is 336.316.2163.

MISSING STUDENT POLICY

If a member of the Guilford College Community has reason to believe that a student who resides in on-campus housing is missing, they should immediately notify either the Department of Public Safety at 336.316.2909 (24 hours/day), or the Department of Student Affairs at 336.316.2186 (daytime). Either or both of these departments will initiate an investigation. Should Public Safety nor Student Affairs be available, a report should be made to Greensboro Police Department by calling 911.

Any student living in a College-owned or -operated residential facility is given the opportunity at the beginning of each year to list a confidential "Missing Person Contact" whom the College will notify within 24 hours of a determination that the student has been missing for 24 hours. The confidential contact information will be maintained by the Office for Campus Life, and the information will be accessible only to authorized campus officials and will not be disclosed except to law enforcement personnel as part of an investigation. Regardless of whether or not a residential student lists a confidential contact person, the Office of Public Safety will inform the Greensboro Police department within 24 hours of the determination that a student is missing.

If a student is under 18 years of age and not emancipated (legally independent of his/her parents), the College will notify the student's custodial parent or guardian in addition to any confidential contact person listed by the student.

When the Department of Public Safety notifies the Greensboro Police Department of the missing student report, the Greensboro Police Department will become the lead agency on any investigation. The Department of Public Safety will assist them with continued inquiry within the campus community.

More information on Guilford College's Missing Student Policy can be found here: <https://www.guilford.edu/policy/missing-students>.

SECURITY ALERTS AND OTHER EMERGENCY NOTIFICATIONS

Security Alerts (Quaker Alerts) and Timely Warnings are issued by the College (typically by the Public Safety Director, VP for Student Affairs or their designee) immediately upon confirming a significant emergency or dangerous on-campus situation that involves an immediate threat to the health and safety of students or employees. The intent of a Security Alert is to caution the campus community about immediate threats, thereby enabling community members to take precautions to protect themselves. Therefore, a public warning may not be issued if it's determined, in the exercise of professional judgment, that it will compromise efforts to assist the victim, respond to, or otherwise contain the emergency.

SECURITY ALERTS

Security Alerts will be issued through the campus alert system to students, faculty, and staff, in all areas determined to possibly be affected by the emergency. The following means of communication will be used as part of the Emergency Notification system:

- Regroup (Quaker Alert)
- Guilford Guard App

- The Guilford Daily
- Email notification
- Social Media - Facebook

Security Alerts may be issued for threats to property, as well as threats to persons. Nothing prohibits the issuance of Security Alerts for crimes or continuing threats to the campus community beyond those crimes and incidents subject to data collection and reporting under the college's Annual Security Report.

After a Security Alert has been issued, follow-up to the initial Security Alert will be issued as needed, typically by email, unless circumstances warrant other forms of communication as detailed above. Anyone with information they believe warrants the issuance of a Security Alert should report the circumstances to the Public Safety Department by calling 336.316.2909.

TIMELY WARNINGS

Any crime that poses an imminent, serious, or continuing threat to students and employees requires the issuance of a "timely warning." The general purpose of a timely warning is to aid in the prevention of similar crimes. In the event that a situation arises, either on or off campus, that in the judgment of the Director of Public Safety or the VP for Student Affairs, constitutes an ongoing or continuing threat, a campus wide "timely warning" will be issued. Timely warnings include information that promotes safety and allows individuals to protect themselves. The warning will be issued through the College's daily announcement email (The Guilford Buzz) or, depending on circumstances evaluated on a case by case basis, through a variety of other means such as posters, emails, news releases, social media or a combination of methods.

SEXUAL MISCONDUCT, DOMESTIC VIOLENCE, DATING VIOLENCE, STALKING PREVENTION AND RESPONSE

SEXUAL MISCONDUCT POLICY

Guilford College encourages all students to make themselves aware of the college's guidelines for reporting allegations of sexual misconduct, the consequences of sexual assault, and the resources available.

The Quaker heritage of Guilford College stresses spiritual receptivity, candor, integrity, compassion, tolerance, simplicity, equality, and strong concern for social justice and world peace. Thus, Guilford College expects all members of the college community to act in respectful and responsible ways toward each other.

These principles make clear that sexual misconduct is unacceptable behavior, and encourages members of the college community to create the kind of environment in which an act of sexual misconduct would be unthinkable. It is the college's commitment to thoroughly and quickly investigate reported incidents of sexual misconduct, and to preserve the confidentiality of both the reporting student and the responding student to the degree that is possible. Charges of sexual misconduct will be pursued as a violation of the Student Code of Conduct outlined in the Violations section of the Student Code of Conduct.

REPORTING

Individuals who report incidents of sexual misconduct should be provided with appropriate time to make a decision regarding resolution options (including whether or not they will pursue judicial charges). Failure by the College to observe the time limits listed in College judicial procedures shall not constitute an abridgement of the rights of the parties as long as fundamental fairness is respected and observed. In cases of sexual misconduct, both the reporting student and the responding student will have the option to receive the support and assistance of a faculty or staff judicial advocate.

ALCOHOL AND OTHER DRUGS

Students who come forward to initiate reports concerning cases of sexual assault will not be charged with violations of the student code of conduct that are related to their own consumption of alcohol or other

drugs, if such substance use was involved in the incident.

FALSE ACCUSATIONS

Disciplinary action shall be taken against any person found to have falsified a report of sexual misconduct.

SANCTIONS

Students who have been found responsible for any sexual misconduct violation (including sexual assault, intimate partner violence, and stalking) may be sanctioned to one or more of the following depending on the level of the violation and the accumulated number of points:

- Community restitution
- Behavioral contracts or restricted campus access agreements

TIMEFRAME

To conduct an investigation, the College will designate an investigator who has specific training and experience investigating allegations of sexual misconduct. Any investigator must be impartial and free of any conflict of interest. Typically, an investigation will begin twenty-four (24) hours after the respondent is notified of the complaint and the need for investigation.

At the conclusion of the investigation, Guilford College will notify the complainant and respondent in writing of the findings. In student cases, the matter may be referred to the Associate Dean of Students Office for adjudication under the disciplinary process in accordance with the Student Conduct Code available at <https://www.guilford.edu/sites/default/files/2018-12/Student%20Handbook%20Updated%2012-5-2018%20ADB.pdf>.

Although this timeframe does not include appeals, Guilford is aware that an unduly long appeals process may negatively impact all individuals concerned. During the process, both individuals will receive consistent and equal updates about the status of the case.

NO CONTACT ORDERS

In situations where the reporting and responding students need to be separated for the well-being of either or both, a No Contact order may be put into effect. Both students are asked to refrain from contacting the other in any manner, including third party and electronic communication. Either student may be asked to move to a temporary living space or may be temporarily removed from a shared classroom as a means to create space for the situation to be resolved.

DEFINING DATING VIOLENCE, DOMESTIC VIOLENCE, SEXUAL ASSAULT, AND STALKING FOR CLERY REPORTING

DATING VIOLENCE

Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be based on the reporting party’s statement and with consideration of the length of the relationship, the type of relationship, and the frequency of the interaction between the persons involved in the relationship.

- For the purposes of this definition, dating violence includes, but is not limited to:
 - i. sexual or physical abuse or the threat of such abuse.
 - ii. Does not include acts covered under the definition of domestic violence.

DOMESTIC VIOLENCE (DATING OR INTIMATE PARTNER VIOLENCE):

A Felony or misdemeanor crime of violence committed:

- By a current or former spouse or intimate partner of the victim;
- By a person with whom the victim shares a child in common;
- By a person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner;
- By a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred; or
- By any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

SEXUAL ASSAULT:

An offense that meets the definition of rape, fondling, incest, or statutory rape as used in the FBI’s Uniform Crime Reporting (UCR) program. Per the National Incident-Based Reporting System User Manual from the FBI UCR Program, A sex offense is “any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent.”

- **Rape:** The penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.
- **Fondling:** The touching of the private parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.
- **Incest:** Sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.
- **Statutory Rape:** Sexual intercourse with a person who is under the statutory age of consent.

STALKING:

Engaging in a course of conduct directed at a specific person that would cause a reasonable person to:

- i. Fear for the person’s safety or the safety of others; or
- ii. Suffer substantial emotional distress.
- iii.

For the purposes of this definition—

- i. Course of conduct means two or more acts, including, but not limited to, acts which the stalker directly, indirectly, or through third parties, by any action, method, device, or means follows, monitors, observes, surveils, threatens, or communicates to or about, a person, or interferes with a person’s property.

- ii. Reasonable person means a reasonable person under similar circumstances and with similar identities to the victim.
- iii. Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.

CONSENT

The Guilford College definition of consent is shared permission for sexual activity.

Students have the responsibility to ensure that all sexual interaction occurs only with mutual consent (verbal or nonverbal). If consent is given for one sexual act, it does not mean that consent is given for all future acts. Students must confirm that mutual consent is given for all sexual acts within a sexual interaction. A student can withdraw consent at any time during a sexual encounter. Non-communication is not consent. Consent can only be given when a student is able to freely make an informed choice between two options: yes and no. Consent cannot be given if someone is asleep, unconscious, incapacitated, coerced, threatened, intimidated or forced, under the age of 16, or impaired by alcohol/drugs. A previous or current sexual relationship between the parties may not be taken as an indication of consent.

GUIDELINES FOR EFFECTIVE CONSENT

Partners have an Equal Ability to Act when each person in a sexual encounter feels empowered and safe to communicate their personal boundaries, and expects those boundaries to be respected. Consent is not effective if it results from the use or threat of physical force, intimidation or coercion (implied or direct), or any other factor that would eliminate an individual's ability to exercise their own free will to choose whether or not to have sexual contact.

Under State law in North Carolina, 16 is the minimum age of consent for sexual contact. An individual who is physically or mentally incapacitated from alcohol or other drug consumption (voluntarily or involuntarily) or is asleep, unconscious, unaware, or otherwise unable to make a willing, informed decision between "yes" and "no" is considered unable to give consent. Consent is clear when it consists of an outward demonstration indicating that an individual has freely chosen to engage in sexual activity. Relying on nonverbal communication can lead to misunderstandings. Consent may not be inferred from silence, passivity, lack of resistance or lack of active response alone. A person who does not physically resist or verbally refuse sexual activity is not necessarily giving consent. Non-communication is not consent. When consent is requested verbally, absence of any explicit verbal response constitutes lack of consent. A verbal "no" constitutes lack of consent, even if it sounds insincere and indecisive. If at any time during the sexual activity, any confusion or ambiguity arises as to the willingness of the other individual to proceed; each person should stop and clarify, verbally, the other's willingness to continue before continuing such activity.

CONTINUOUS CONSENT

Each participant in a sexual encounter is expected to obtain consent from their partner(s) for each act of sexual activity.

- Consent to one form of sexual activity does not constitute consent to engage in all forms of sexual activity.
- Either party may withdraw consent at any time. Withdrawal of consent should be outwardly demonstrated by words or actions that clearly indicate a desire to end sexual activity. Once withdrawal of consent has been expressed, sexual activity must cease immediately.
- Individuals with a previous or current intimate relationship do not automatically give either initial or continued consent to sexual activity. Even in the context of a relationship there must be mutually understandable communication that clearly indicates a willingness to engage in sexual activity.

EMERGENCY RESPONSE AND EVACUATION POLICY

It is the policy of Guilford College to immediately notify the campus community upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of community members occurring on campus. This notification will be through the means of telephone and email notification to the phone numbers provided by community members for the purposes of this notification.

College officials will, without delay, and considering the safety of the community, determine the content of the notification and initiate the notification system, unless the notification will, in the professional judgment of responsible authorities, compromise efforts to assist victims or to contain, respond to, or otherwise mitigate the emergency. Upon learning of a situation potentially warranting an emergency notification, campus officials will review the information available, and determine if there is a significant emergency, and if so, initiate the emergency notification system. This process will be conducted by the Vice President of Student Affairs and the Director of Public Safety (or their designees). A test of the emergency response and evacuation process will be conducted, at the very least, on an annual basis, and will be publicized to the community ahead of time.

MANNER OF DISSEMINATION

The Department of Public Safety will notify, without delay, the campus community upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or staff on campus through various means such as email, posters, news releases, other methods or a combination of methods. The method(s) used will be determined on a case by case basis that will produce the greatest chance for information to reach the entire campus community in an effective and efficient manner.

Depending on the particular circumstances of the crime, especially in all situations that could pose an immediate threat to the community and individuals, the Department of Public Safety may also distribute an emergency alert using the campus emergency alert notification through email and text messaging.

This information may be found in the Drug-Free Workplace Statement Guide and should be referred to for questions concerning this matter.

The Health Outreach and Wellness department, in collaboration with other campus departments and groups, utilizes a comprehensive approach to promoting healthy behaviors, educating students and staff with accurate information concerning alcohol and drugs, increasing awareness of health risks associated with alcohol and drug misuse, identifying students at risk for alcohol and/or drug misuse for early intervention, eliminating myths about alcohol and drugs, and addressing alcohol and drug-related issues on campus.

Health Outreach and Wellness goals for alcohol and drug prevention include:

For purposes of reporting the statistics with the crimes described above, an institution of higher education shall distinguish, by means of separate categories, any criminal offenses that occur:

- **On Campus** – (1) Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution's educational purposes, including residence halls; and (2) any building or property that is within or reasonably contiguous to the area identified in statement (1) of this definition, that is owned by the institution but controlled by another person, is frequently used by student, and supports institutional purposes (such as a food or other retail vendor).
- **On-Campus Student Housing** – Includes only those crimes that were reported to have occurred in residence halls or other residential facilities.
- **Non-Campus** – (1) Any building or property owned or controlled by a student or organization that is officially recognized by the institution; (2) Any building or property owned or controlled by an institution that is used in direct support of, or in relation, to, the institution's educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.
- **Public Property** – All public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus, or immediately adjacent to and accessible from the campus.
- **Off-Campus violations** – The College reserves the right to make off-campus conduct by its students matters of student discipline under the Student Conduct Code. These violations, however, are not classified and counted for inclusion in the annual statistics.

The Department of Public Safety prepares this report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. The full text of this report can be located on our web site at <https://www.guilford.edu/life/health-and-safety/public-safety>. This report is prepared in cooperation with the local law enforcement agencies having jurisdiction on campus, the Office for Campus Life, the Judicial Affairs Officer, the Division of Student Affairs and the Title IX Office. Each entity provides updated information on their educational efforts and programs to comply with the Act. Campus crime, arrest and referral statistics include those reported to the Guilford College Department of Public Safety, designated campus officials (including but not limited to deans, department heads, Residential Education and Housing staff, judicial affairs, advisors to students/student organizations, athletic coaches), and local law enforcement agencies.

Each year, an announcement is placed in the daily campus email newsletter (The Guilford Daily) providing the community this report. This newsletter goes to all faculty, staff, and students. Copies of the report may also be obtained at the Department of Public Safety located at 818 Quadrangle Drive, or the Office for Student Affairs located in Founders Hall, or by calling the Office of Public Safety at 336.316.2908. FIRE-RELATED POLICIES IN RESIDENCE HALLS

POLICIES ON PORTABLE ELECTRICAL APPLIANCES, SMOKING & OPEN FLAMES IN STUDENT HOUSING FACILITIES:
Smoking is prohibited inside all campus buildings and allowed only in outside areas specified designated as an approved smoking area.

For the promotion of wellness of the Guilford community and to maintain fire safety regulations, all smoking (including e-cigarettes, vape pens, and hookahs) on campus property is prohibited in all areas except for the four designated approved smoking areas:

- The north side of Hege Library facing King Hall
- Behind the Public Safety Building
- Between the Community Center and North Apartments, east of the walkway and stairs
- The picnic table at the north end of the East Apartments parking lot

Note: In designated smoking areas where a smoking shelter such as a bench or picnic table is provided, the approved smoking area is within that shelter. Any smoking outside of these permitted areas is considered a violation of College policy and subject to action as outlined in the Faculty, Staff and Student Handbooks. Waste from smoking (such as cigarette remains) must be completely snuffed out and disposed of in appropriate waste or ash receptacles.

The possession and/or use of items that may create a fire hazard are prohibited and will result in fines and/or student conduct charges. Use and/or subsequent possession offenses may result in student conduct charges and greater fines.

EXAMPLES OF PROHIBITED ITEMS INCLUDE BUT ARE NOT LIMITED TO:

- Open-coiled appliances such as hot plates, toasters, toaster ovens, air fryers, electric frying pans and space heaters
- Induction cooktops
- Sun lamps
- Refrigerators and air-conditioners not approved and/or installed by the College.
- Extension cords other than UL-approved power strips
- Fresh cut or live Christmas trees
- Candles in any residence hall room or common area (even if for religious purposes)
- Halogen lights
- Grills - charcoal or gas
- Light fixtures or electrical outlets which are covered with cloth or paper (or any material considered flammable)
- Butane torches, lighter fluids, gasoline, kerosene or other flammable liquids
- Decorative string lighting of any type (i.e. Christmas or running lights, battery powered, LED)

PROCEDURES FOR STUDENT HOUSING EVACUATION:

Should an emergency require residents to evacuate a campus residence hall, residents should:

- Turn on room lights
- Raise the shade and close the window; close door when exiting
- Leave the building through the closest exit; use the right-hand side of the stairs walking single file
- Upon leaving the building, go to the area designated by College staff.
- Do not re-enter the building until told to do so by Public Safety or the Fire Department. Continued order and quiet are essential.

POLICIES FOR FIRE SAFETY EDUCATION AND TRAINING PROGRAMS:

The College offers programs regarding fire safety education and training programs for students, faculty, and staff throughout the year. Announcements are made advertising these events, which include:

- Sessions for the Resident Advisors (RAs) including emergency procedures and proper use of fire extinguishers conducted at the beginning of each school year and in cooperation with the Office of Residential Education and Housing and the Greensboro Fire Department;
- Sessions each spring for faculty and staff, in cooperation with Department of Human Resources and the Greensboro Fire Department;
- Community wide Fire Safety Day each fall, conducted by Greensboro Fire Department.

PERSONS OR ORGANIZATIONS TO WHICH INDIVIDUALS SHOULD REPORT A FIRE:

- Call 911 immediately for an active fire.
- When safe to do so, notify Public Safety staff
- If fire is not active, notify Residential Education and Housing Staff, community directors, or resident advisors

IF YOU DISCOVER FIRE OR SMOKE:

- Warn others and exit immediately;
- Pull the nearest fire alarm;
- Locate a telephone in a safe location as quickly as you can and dial 911. Give the building name, floor and room number of the location of the fire or smoke.

FIRE ALARMS AND DRILLS

In accordance with North Carolina building codes, Guilford requires all persons to evacuate a building when a fire alarm sounds. The college holds scheduled fire drills supervised by Residential Education and Housing staff and the Public Safety Office. If you are in immediate danger when an alarm sounds, proceed directly to the nearest exit and/or stairway. If you are not in immediate danger, evacuate the building following this procedure:

- Turn on room lights
- Raise the shade and close the window; close door when exiting
- Leave the building through the closest exit; use the right-hand side of the stairs walking single file
- Upon leaving the building, go to the area designated by college staff.
- Do not re-enter the building until told to do so by Public Safety or the Fire Department.
